Double Star

Synopsis

[Read by Tom Weiner]One minute, down-and-out actor Lorenzo Smythe is in a bar, drinking away his troubles. Then a space pilot buys him a drink, and the next thing Smythe knows, he's shanghaied to Mars. Smythe suddenly finds himself agreeing to the most difficult role of his career: impersonating an important politician who has been kidnapped. Peace with the Martians is at stake, and failure to pull off the act could result in interplanetary war. Smythe knows nothing of the issues concerning free interplanetary trade and equal rights for aliens, but the handsome compensation is impossible to refuse. He soon realizes, however, that his masquerade could be permanent. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

The year is 1956. Eisenhower is in the White House, following a long line of military men to reach that post. And this slim book appears, presenting the wild idea of an actor, perhaps not even a very good actor, who manages to reach the position of head of state. Obviously an idea like this could only appear within the realm of science fiction! What a difference in perspective an additional twenty five years will make, as once more science fiction becomes fact. The route Lorenzo Smythe takes to reach this post is, however, just a little different from that of the real-world actor. The Great Lorenzo, as he styles himself, is conceited, arrogant, out of work, and down to his last half-Imperial when he is offered the job of doubling for a well-known political figure. The job is so obviously beneath his dignity that he is ready to turn down the offer when the Martians take a hand, and Lorenzo finds

himself involved in murder, kidnapping, and slicing both humans and Martians into small pieces to flush down the disposal. Forced by these circumstances to take the job, Lorenzo is even more disturbed when he finds out the identity of the person he is supposed to double for, none other than the leader of the opposition party, Joseph Bonforte, whose politics, what little he knows of them, he despises. But his own inflated idea of his abilities allows him to steady down and start studying for the role, a role he will play for much longer than he could ever anticipate. This book is a character study, carefully and artfully detailing how Lorenzo changes under the influence of having to pretend to be someone he is not, aided by the immediate staff of the man he impersonates.
