Lando (Louis L'Amour)

Synopsis

In Lando, Louis L'Amour has created an unforgettable portrait of a unique American hero. For six long years Orlando Sackett survived the horrors of a brutal Mexican prison. He survived by using his skills as a boxer and by making three vows. The first was to exact revenge on the hired killers who framed him. The second was to return to his father. And the third was to find Gin Locklear. But the world has changed a lot since Lando left it. His father is missing. The woman he loves is married. And the killers want him dead. Hardened physically and emotionally, Lando must begin an epic journey to resolve his past, even if it costs him his life. From the Paperback edition.

"... if the folks who believe in law, justice and a decent life for folks are to be shot down by those who believe in violence, nothing makes much sense. I believe in justice, I believe in being tolerating of other folks, but I pack a big pistol ... and will use it when needed." - Tell Sackett in *SACKETT* (while making a promo sound bite for the NRA)"I'm just a man tries to do the right thing as well as he knows. Only, the way I figure, no man has the right to be ignorant. In a country like this, ignorance is a crime. If a man is going to vote, if he's going to take part in his country and it government, then it's up to him to understand." - Tell Sackett in *SACKETT* (while espousing, perhaps, English literacy as a prerequisite for voter registration)Last Sunday, I found myself in an unusual (for me) and precarious situation. I was left with nothing to read while waiting for my wife to conclude her gym session. (I'm not an unmitigated lump; I'd just completed my 45-minute workout.

I'm just not as driven.) For all I knew, I might be lingering for a seeming eternity if she'd gotten up a good head of steam on the treadmill. Luckily, the YMCA facility we frequent has a book exchange corner where members can donate used volumes. Pawing through the inordinately large number of bodice-ripper romance novels, I discovered a dilapidated copy of SACKETT, one in a series by Louis L'Amour about the fictional Sackett family of the American Old West. Mind you, though my Mom discovered L'Amour several years ago and I, as a dutiful son, acquired for her all of this author's books I could find - dozens upon dozens, I've never read one of his sagebrush operas myself.
