Domain Of The Voord (Doctor Who)

Synopsis

The Doctor, Susan, Ian and Barbara land on Hydra, where Admiral Jonas Kaan leads a flotilla of ships trying to elude the vicious race that has invaded their world. But his ships are being picked off one by one, dragged underwater by an unseen foe...

Customer Reviews

A wonderful story to lead off the Early Adventures, Domain of the Voord is simply superb. It's an example of everything the Early Adventures can be. It includes the best aspects of early Doctor Who but without it's greatest faults such as padding and poorly realized effects. Domain of the Voord takes what writer Andrew Smith described as a "blank slate" and truly fleshes them out and makes them a memorable and terrifying foe. Episode One is absolutely stunnording sea battle. While episodes 2 and 3 put Ian and Susan on their own with the Doctor and Susan presumed dead. Even in this way, it felt true to the 1960s as if the actors were taking a holiday. Domain of the Voord has its rough spots. The start of Episode III was a little jarring and there are a few other minor points. But even so, the story features some superb action, fine acting by the returning cast members, and a wonderful cinematic soundscape.
