Book #111 Read in 2015Tombquest: Valley of the Kings by Michael Northrop (YA)This is the third book in a middle grade paranormal/mystery series. Alex is trying to find his mother as well as dealing with Death Walkers....Egyptian Gods who are coming back to life. "The Order" is trying to use the Death Walkers to bring evil into the world. Alex, with help from his friend Ren and his cousin Luke, are trying to stop the order. These books are quick reads packed with lots of actions and both

male and female students in middle grades would enjoy these books.<http://melissasbookpicks.blogspot.com>

I bought this book for my 8 yr old son to read. He missed the deadline for his book order with his school so i decided to order from here. Funny thing he got his book weeks before his classmates and finished reading it as well. He loved the story and told me he finished it quickly. I also like to make him talk about the books he read and describe the characters and the story. He asked me to get him another one.

I just started reading this book series about a week ago. So far I have really enjoyed reading all the books. It's a fairly easy read for kids in 4th-6th grade. The characters are easy to relate to and the plot moves quickly. The author does a great job of conveying the urgency and excitement of the plot through the characters. There is a crazy plot twist towards the end of the book that makes you wish the next installment was out already. I can't wait to see what happens next!

This series just continues to get better. The story keeps evolving and some of the themes are starting to pick up a more adult tone and not swaying from the violence. Sure the main character still puts everyone in danger over his mom and that can be nerve racking, but the overall story is getting great. The cliffhanger to this one has me wishing the fourth book was already out.

My grandson enjoys the series. This is the third book in the series. The main character is looking for his mom, first in New York then London and now Egypt. It is written so that you want to continue finding out what happens next.

This book was pre-ordered on the request of my 11 year old son. He loves this book series and has pre-ordered the next 2 books.

This book was super good. Spoiler alert: Luke is a trader. He may have died. I can't wait till the next book comes out.
