## Customer Reviews

There were only a couple of these books in this collection that were even worth reading...the rest were excruciating to get through. The last one I skipped through because it didn't hold my interest at all and I had a very hard time understanding who the person telling the story was in relation to the others. Not worth the overall read...and the one set in Ireland...didn't make any since! The guy sees the girl and the next day is in love with her...REALLY?!?!?!?

Ladies with nowhere to turn, find a solution but the gentlemen also face obstacles along the way weaving stories of the history of our land.

Some were hard to follow the plot others were very good reading . I found hours of entertainment.  
Read all three sets

This was a very enjoyable set of books....good read.

Some of the stories lagged a bit, but a nice read

I liked most stories. Haven't read all yet.

Really good, entertaining stories.
