Customer Reviews

I am an adult and tried 4 or 5 programs and this one is the best one. It is very helpful in beginning to learn spanish.

For beginning Spanish speakers, this book is very helpful. It presents spoken Spanish in context, with some grammar explanation, and then with practice of the target area. Students find it interesting to use, it is humorous and easy to turn into practice, either with Spanish speakers from the community, with each other in the classroom, or for traveling in Spanish speaking countries. If you intend to travel, live or work with 'Hispanohablantes' this is a resource that will give you a good beginning with the ability to build on what you learn! Buena suerte!

This book is for complete beginners. Simple and concise it is packed with everyday useful phrases and basic vocabulary. At the end of the book there are some tips on pronunciation as well as some basic grammar rules. I would suggest this book to everyone who is interested to learn the basic

sentences to communicate abroad. There are funny and colorful illustrations so even children can enjoy it.
