Customer Reviews

I came accross this book in site and preview was undertaken , then I came to know that this book has valuble content. Immediately , I ordered for this book. I have gone through first 4 chapters and convinced that there is conceptual clarity.we need not search for required matter, because all reqired things are hilighted in the book. It is useful forthe novice and experienced in application of IFRS principles. I recommend thi book to all those dealing with financial statements .

good:Basically this is a good summary and it highlight the important details that you need to understand.

bad:Sometimes too superficial, so it is needed to use other sources too if you want to know the IFRS.

Good starter for learning about IFRS. It's clear and to the point. Good reference as well. Language not complex like others I briefed through.
