Customer Reviews

I like this calendar and have ordered one 3 years in a row. It is basic enough to use effectively but still has a lot of potential if you really take advantage of the organization set up. I mainly use it for attendance and billing, but one year I used it to fully track my monthly expenses and it worked well.

I love this calendar and have been getting it for years. I love all the extra pages and find it very useful in my child care business.

Been my life saver, simplifying my taxes/record keeping for 5 years thus far! I highly recommend!

I love these Calendar-Keepers, I just ordered the wrong one! Who is going to use a 2015 calendar in 2016??? :(I wasted my money! I had to turn around and order the right one!

Best item for keeping track of expenses, attendance and income. Everything in one book. I have

been using this for more years than I can remember. Highly recommend.

I run a home daycare. I would give this product 10 stars if I could. It's great for record keeping and very easy to use and understand. I highly recommend it.

As a daycare provider I have always used the calendar-keeper to keep myself organized and ready for tax season! It's a must have product for me!

I have to write in arrival and departure times and the boxes on the attendance are really too small to do this legibly.
