Customer Reviews

WATCH FOR VOUCHER INCLUDED! This book said it was included though upon delivery I found it to not be included. In order to take the Servepro exam online, you MUST have the voucher. I returned the book easily & received a refund. I bought the book new at my college with the voucher & the book was very informative. Think of the book as the DMV handbook. There is only so much it can teach you. The rest you will learn with experience. This book was easy to read & contains somewhat bold print. The chapters are pretty short & contain answers to the end of chapter questions. I answered all the end of chapter questions & did the review my professor provided us with. I passed the Servepro management test with flying colors. Most of the questions I was asked from Servepro were things I learned via the book. Good book just be sure the book you order contains the voucher or purchase it from Servepro directly. Just be VERY SURE when ordering to verify the voucher you ordered is for the online test & is NOT the one you fill in the bubbles.

Mine came with the voucher but not the MY LAB which was required for my class. I bought the MY

LAB separate with was still a discount rather than buying it all from the book store. Note that the description and disclaimers say that your book may not come with the testing voucher. Typical of rentals so you can't really give the book a bad review because you didn't read the description.

I had to take a Servsafe course for a culinary program. Unfortunately, there was no voucher or code when it came time for our class to take the exam. It's my first time taking it and did not realize it should be in the front of the book. I had to pay an extra \$50 to take the test. BEWARE!!! My teacher said I got SCAMMED!!

This version only comes with a code to take the test online, which caused a bit of a problem for my sister's in person class. I suppose it says that somewhere in the description but it was not clear to me. Other than that, book was new as described

got it for the class. Includes online voucher!

It was exactly the book that was needed!

the book did not come with the online test voucher when it was advertised it had the voucher I would not have ordered this book now I have to pay additional \$40 to get the online voucher

read this book and got an A in my Food Sanitation class! Good read and clear info! :)
