Customer Reviews

"Adam of the Road" is daunting, no question. Kids who have no difficulties lugging huge Harry Potter sized tomes might quaver a little at the 317 page density of this 1943 Newbery winner. If they go so far as to actually begin to read the book, however, they might be pleasantly surprised to find it not only readable, but enjoyable to boot. On its most basic level the book is a tale about a boy, his father, and his dog. Beyond that, however, the book quickly becomes a quest novel where our hero picks up friends and foes along his path. In the end, a richly satisfying creation. Our tale begins in June of 1294 in a little English abbey named St. Alban's. Here, our hero Adam has been left by his father, Roger the minstrel. Adam anticipates Roger's return (he never refers to his father by anything but the man's name, interestingly) any day. In the meantime, he has his friend and fellow

student Perkin and his cocker spaniel Nick to keep him company. With an appropriate amount of pomp and flair, return Roger does. With his pop now a minstrel for a fine Lord, Adam is whisked away from the Abbey to join his father on the road. They adventure hither and yon, charming some people and amusing others. After some unfortunate run-ins with a less than chivalrous fellow minstrel named Jankin, Adam finds his dog stolen. So eager is Adam to get Nick back that in the course of his pursuit of Jankin he also loses his father. Thus, an eleven year-old boy must face a cold world with just his harp and minstrel skills to earn him food and shelter as he continually seeks his dad and dog. As I read this story, a lingering memory began to form in my mind. Middle ages England... Minstrel & jesting skills... A boy and his father (or father-figure)...
