Customer Reviews

This is a great book, I like it much better than the "Touch and Feel" series by DK Publishing. This one has little rhyming "stories" on each page that are enjoyable to read, and the textures are nice to feel.

my daughter 11 months, loves the book very much, she likes touching the dog and rabbit, and when she touches the tongue of cat, her expression is so funny, i think it s good for a baby to start touch and feel

Children love to touch the textures in this book. Great for Pre-K and K children. Everyone wants to take the book home.

baby loves loves loves this book! the pictures of the animals are large and colorful. the textures are varied and fun to touch. for the price, this is a nice book to add to the baby library.

My 9 month old is very interested in this book. He loves to feel all the different textures. He will sit still for a few minutes and occupy himself with this.

My 9 month old will go to these books over any other toys. She loves to look at the pictures and turn the pages.

Very cute little book. Some of the textures like the fish could be better and larger. Child enjoyed it!
