How To Make \$1,000 Per Day Blogging Part Time: The Beginner's Guide To Starting And Making Money With A Blog

Synopsis

The Step by Step Guide to Launch Your Own Profitable Blog Making as much as \$1,000 per day! In this book, best-selling writer and entrepreneur Chris Karlas reveals the basic steps anyone can follow to go from 0 to \$1,000 per day in profit with their own blog. This book is effective because it pulls back the curtain and shows you how you can really grow an audience and get traffic without spending a dime. Then it's up to you to grow the blog and start making money. Some other books give just a basic understanding of blogging for profit. This book explains step-by-step why some blogs make great money while others struggle to make any money at all. This is not some 29 page book written by a ghostwriter overseas. This is a 70+ page carefully put together blueprint showing you how to get started today and it's written by a best selling author with over a decade of experience. A few of the things revealed in this book: **How to Choose the Right Topic** How to Choose a Domain Name**How to Get Tons of FREE Traffic Without Google or search engines**How to Take Your Traffic and Make it PROFITABLE Traffic**How to Build an Audience that Can't Wait to Read Your Next Article**Much, Much, More! If you're ready to start making money with your own blog, download this today!

Customer Reviews

This book has nothing specific in it - very general ideas - all have been written about and done over in many places. I can write a book called "make \$1000000 a day with blogging". If I don't explain step by step what to do, readers are never going to be successful. If you are trying to write a book to help, you have to give more than just general words. You have to be specific and resourceful. Why would people ever want to invest in your courses if you are not willing to show that you know something more than just general information available everywhere else for free. I have been blogging for a while myself, and know that there are lots of very specific strategies that need to be implemented for bloggers to be successful. These general overall statements will never get you to \$1000, and there is a lot to learn to get to that level to be financially independent. One aspect that a lot of other sources are covering that this author did not write about is that only a very small percentage of bloggers actually succeed and get to that \$1000 a day. Even big bloggers I know don't make this much - this is a very high level to reach for, and try to achieve. I am surprised the author is so confident especially with the kind of advice that he provides. Overall, a disappointment for me - did not learn anything. I did give 2 stars as I think the book is organized well, and at least there is an attempt to make a well organized e-book - looks like this is where most of the effort of the author went in - a well formatted book about blah. Read this book for free through Kindle unlimited - glad did not pay anything for this book.

The book was definitely informative on the subject of writing a blog. Also liked that it wasn't a get rich quick scheme and stated upfront that it would take awhile to achieve the results promised in the title. Also gave great information on ways to market your blog. Some parts are left a bit vague, but those potential questions can easily be answered through YouTube. For the money, it is well worth the investment.

This may or may not be true but this book by Chris Karlas has a lot of good ideas you can implement in order to monetize your blog. However, some of the skills required to implement these ideas are beyond the scope of this book. A good read, nevertheless, and you may be able to put together some type of money making project that is feasible with your budget but without a scalable idea that is easy to implement 1k a day is just a pipe dream. Expanding a small idea that works seems to be the way to go and a Facebook advertising platform is the vehicle to get you there.

Decent information on how to move toward making more as a blogger. Lacking a bit in the depth of how to take each concept further. The author could expound more on concepts to create a real guideline, but overall one of the better books I have read about making money blogging.

The book worth the 4 star from me, I don't care what other people might rate it. The writer tried in every aspect to explain how anyone can arrive at that figure per day, though it seems a lot of work but it worth it. the other things i expected but do not see are the tools he promise to give, they are somewhat like advertisement of his other books and website.

I have thought many times about starting a blog and more than once have picked up a book to find out how but this is the first time I have actually finished reading one. It is easy to follow, has a lot of useful tips and truly feels like Chris wants you to succeeded. Its a great book and I highly recommend it.

This book provides some excellent ideas to get a blog up and running. Though it is not an extremely in depth book it does set up some good foundations. I can see implementing some of the topics discussed in the book to great success.

I love this book. As a beginner, it is very inspiring. I love the way Chris wrote it. Have you ever heard of K.I. S.S: Keep It Simple Sam? He kept it simple. It is easy to read, easy to follow, and easy to understand.
